

# IFR Arc Flash Protection for Cold Weather Work (Middle Layer)

## HRC2 Long Sleeve Tees

Arc Flash Rating HRC2 - ATPV Value 8.2 Cal/cm2  
Flammability Tests NFPA 70E ASTM F06  
ASTM 6413-99 Vertical Flame as received - Pass  
ASTM 6413-99 Vertical Flame after laundry - Pass  
No Melt/No Drip - Pass

Tri-Star IFR Long Sleeve Jersey Tee with arc flash protection makes the perfect middle layer when creating the ultimate layered, cold weather work system. Wear it under one of our Barn Coats for extra warmth, or under our Hoodie once it warms up.

Layers of clothing provide protection and comfort. Wearing it under our barn coat or hoodie creates an insulating layer to help retain body heat and our base layers wick the sweat away.

Proudly made  
in the USA

### Product Description

- Constructed using 7.4 oz, arc-flash rated, inherent flame resistant (IFR) jersey fabric made using a blend of Aramid, Modacrylic and Cotton. Available in Hi-Vis Yellow, Orange or Navy.
- The fabric is soft and comfortable, and warm enough to wear by itself when layers are not needed.
- Since the protective properties are inherent to the fibers of the fabric, they cannot be laundered out over the life of the garment, and will not burn, melt, or drip.

**Will Not Burn, Melt, or Drip.**

- For visual identification and compliance, HRC2 is on the left sleeve.
- Also available as a short sleeve tee and both the long sleeve and short sleeve tees are available in the lighter weight HRC1 fabrics.

TSG-3541 Navy

**Tri-Star Glove**  
High Performance Gloves & Personal Protective Products

Tri-Star Glove customizes garments for your industry needs.

Our long sleeve jersey tees are available in sizes small to 5XL. Other sizes and laundry instructions are available upon request.

### For Layers of Warmth and Protection, consider our:

- Barn Coats
- HRC2 Hoodies
- HRC1 Neck Gaiters
- HRC2 Base layers (top and bottom)
- HRC2 Balaclavas

### Do We Customize? You Bet We Do!

- Prefer a Knit Wrist with a thumb hole? No problem.
- If the long sleeve tee would be perfect with a pocket, let us know.
- 3M Retro-Reflective Hi-Vis striping provides extra visibility in low light conditions. Available in Yellow/Silver/Yellow, Orange/Silver/Orange, and All Silver.
- Interested in personalizing each tee? We can add your embroidered or heat transfer logo, specific department, and team member's name.

Let us know how we can customize our hoodies specific to your company.
