

Low Lint / Paint

TSG-60 Series

Description:

The TSG-60 series is a 13 gauge, domestic polyester, silicone-free glove in heather green. It has a 2" cuff with an overcast edge.

Properties:

Heather green provides a sharp contrast to industry automotive products giving better product identification during application and quality control.

Cuffs are color coded by size for easy identification and visual compliance. The TSG-60 series cuff is overcast using a thermal heat-set yarn to minimize any errant particulate used by traditional surging.

This series can be laundered, providing cost saving opportunities.

Recommended:

This series targets work areas requiring low lint and clean areas such as paint and engine departments.

Product No.	Size	Cuff Color
TSG-60	Small	Yellow
TSG-61	Medium	Green
TSG-62	Large	White
TSG-63	Extra large	Gray
